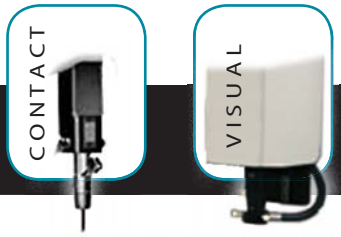
pinhead
flexible fixturing

The revolutionary way to hold parts on a CMM or Vision Inspection System.
Saves Time—$aves Money. This system quickly pays for itself!

Freakin' Fast Fixturing for CMMs!



FAST, SIMPLE OPERATION. . .

1. SET SPACING

2. NEST PART

3. INSPECT!

0 TIMELINE — 30 SECONDS — 1 MINUTE

$745

PINHEAD BASE

* Kit includes 4 base units, 4 long arms, 4 –1" risers, 4 –1.5" risers and 4 –2" risers. Hard plastic case with custom inserts included.

Modular Clamping System Pricing

Pinhead Base $745

- Pin module for mounting the workpiece. Height is 4.75" (to top of pin)
- Risers allow height increases in 1" 1 ½ ", or 2"increments for maximum system flexibility
- 70 pins ensure an optimal fit
- 0.160" pin diameter and .800" stroke for an optimal adaptation of shape
- Quick clamping and a maintenance-free mechanism
- The alignment interface for further modules allows for a fast assembly

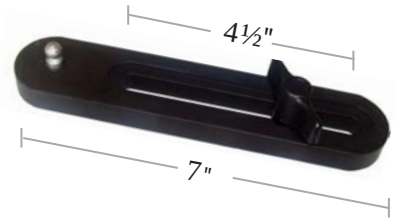
Pinhead Kit $3495

- 4 base units
- 4 –1" risers, 4 –1.5" risers, 4 –2" risers
- 4 swivel mounting arms with standard 10mm thread size (specify if another thread size is required).
- Optional case available at additional cost

Riser..... $64

available in 3 heights:

- 1.0" height
- 1.5" height
- 2.0" height



Swivel Mounting Arm $88

available in 3 thread sizes:

- **10mm thread size**
  ½" high, 7" long
  10mm standard bolt down to table
- **8mm thread size**
  ½" high, 7" long
  8mm standard bolt down to table
- **6mm thread size**
  ½" high, 7" long
  6mm standard bolt down to table

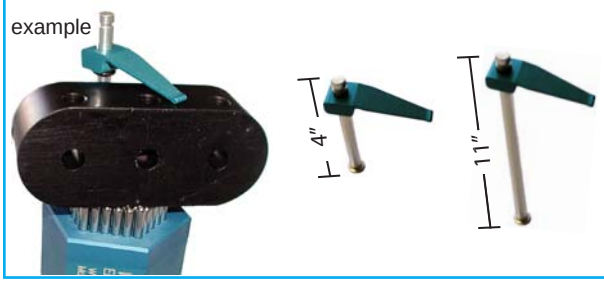
Magnetic Base $158

with standard Pinhead mounting pin

Spring Loaded Swivel Clamp $116

- 1" travel with rubber contact point
- Height adjustable with standard Pinhead risers

example



Pinhead Swivel Clamp

Rod inserts into Pinhead element base and locks with thumb screw.
Finger has simple friction fit to rod.
Perfect for clamping parts requiring a "lighter touch".

- 4" clamp height..... $68
- 11" clamp height..... $78
